Volume 55, Issue 01
2022

Greetings to all,

This year we are celebrating our 55th year as a club. Let me congratulate us for achieving this milestone and at the same time, Sue and I would like to wish you all a very Happy and Prosperous New Year.

I am excited about this year and I want to encourage everyone to plan on attending the January meeting to find out what we have planned for the year. Even though the activities have been posted in the Scuttlebutt, it will be exciting to hear how it will all come together. I also have some proposed changes to the club that I will share with you at this meeting.

We have members who are still getting sick from the virus so if you feel comfortable wearing a mask to the meeting, please feel free to do so, especially those that may not be vaccinated.

Since we all have a common interest, the Model "A", the club meetings are an excellent way to meet and make new friends. Please plan on attending the meeting and I look forward to seeing you.

Bill B. Harris
President

2022 Family Membership Dues are now due. Please complete the registration form and send it with the \$20.00 annual dues to the Sooner Model A Club. Name tags are now available. If you do not have your name tag yet, please pick it up at the club meeting.

Quotations of Henry Ford

"We live in an era of tremendous facts. And the facts are facts. They are also unpleasant facts, which does not decrease their factual percentage one bit. Our job is to understand them, to recognize their presence, to learn if we can what they signify and not to fall into the error of minimizing facts because they have a bitter flavor."

Jim's Technical Tip

by Jim Cannon,

LUBRICATING LOCKS

THE BEST LUBRICANT I HAVE FOUND FOR CAR DOOR LOCKS, TRUNK HANDLE LOCKS, AND IGNITION LOCKS, RECOMMENDED BY EVERY LOCKSMITH THAT I KNOW, IS DRY POWDERED GRAPHITE.

YOU BUY THE GRAPHITE IN A SMALL TUBE WITH A POINTED TIP. YOU INSERT THE TIP INTO THE KEY HOLE AND "PUFF" SOME GRAPHITE INTO THE LOCK. THEN YOU INSERT AND REMOVE THE KEY SEVERAL TIMES TO WORK THE GRAPHITE INTO THE LOCK TUMBLERS, AND OPERATE THE LOCK A FEW TIMES.

Looking One's Loveliest in 1928

A Pictorial Summary of Model 'A' Fashions

By Jill Barren, Santa Clara Valley Chapter, California

It was in 1928 that Henry Ford's River Rouge Complex in Dearborn Michigan, an auto plant begun in 1917, was completed as the largest factory in the world. In 1928 the United States were still consumed by Prohibition and the Roaring 20's. Fats Domino, Lefty Frizzell, Maya Angelou, Rosemary Clooney, Elias James Corey, Dick York, Bob Crane, Jimmy Dean, Dick Van Patton, and Ralph Waite are some that have one thing in common. Only one was an American chemist Nobel Prize laureate but they all were born in 1928. And on that note, 1928 was the first year of our Model A era.

Anne Rittenhouse, fashion contributor for McCall's Magazine, wrote in 1928, "Not a knee was to be seen." She also wrote, there was a new trend of practicality. Every woman could wear the same dress at home, to work and to then to the store. One costume for the day was sufficient. Another trend for women's fashion in 1928 was the open season for all fabrics between two Januarys. Cedar chests were now used for interior furnishings.

In 1928, waistlines were right at the widest part of hipline. New belts livened up old frocks. Designers used simple straight lines. The hem line was straight with flares and pleats that allowed the skirt to open with the movement of a woman's knee brought on by new dance demands.

A vivacious evening and afternoon tea dress was preferred to a sedate one. A wider variety of colors were accepted. Women's clothes were now referred to as romantic and acquiescently Victorian similar to the feminine gowns in the late 1880's when Queen Victoria lived. There were no plain surfaces on a dress in 1928. Dresses had ruffles, full skirts, a flare below the knee and uneven hemlines. In 1928 there were flounces, jabots, pleating, decorative girdles, odd seams, flying scarfs, floating sleeves, raglan shoulders, and hip yokes that were features to attract attention and prove change from the last season.

Necklines were softened with lace using its old sway over the neck opening. The decorative neckline went hand-in-hand with the flowing, straight skirt. Coats in the summer were not only for comfort but often as a decoration. Coats were not meant to hide the dress but slyly reveal it. Well fitted shoulders were a necessity. The slim arm was as important as the slim ankle. Muscles were taboo. Stringy tendons were abhorred. Women went to great lengths to look just right.

Women's fabric colors in 1928 were bright and vivacious. Fabrics in garden colors let in brilliancy. With bright colors available, black and white, dark blue and mist gray were running mates. For more information about colors in the Model A era, check out *The Color of Fashions in Your Model A World* written by MAFCA member Peggy Gill. Her research and color descriptions will steer you in the right direction to recreate that perfect ensemble.

In young girls fashions, there was the allure of the new smocking which simplified fitting with straight under-arm seams. Another great trend was hand stitchery with effectively placed dainty flowerets made from French knots.

Men's clothing was like women's fashions, proper etiquette and correct attire was the norm. Wool was the primary fiber although other fibers were woven in to create subtle patterns. Popular colors included blue, gray, blue and black. In warm climates, lightweight suits were worn without vests.

The year 1928 offered many clothing options, and the beginning of the Model A era. Be sure to read the following articles for each year in this series, Looking Your Loveliest in 1929, 1930 and 1931, to see what a difference a year makes.

CLARENCE PAGE AIRPORT

The skies were clear and sunshiny for the trip to the Clarence Page Airport . Eight Model A's and five modern cars were in the caravan from the Yukon Braums out to the airport. We were impressed again with all the pictures and displays, as we toured through three different hangars. The airport was opened in 1941 and the original name was Cimarron Field. It had five grass runways and was used to train pilots on aircraft used in World War II. At the end of the war, the training program was terminated and the airport became a civilian field. Our group was fascinated with the amount of pictures and artifacts that were preserved. We enjoyed the tour by Mark Howard, and we appreciated his dedication toward maintaining and explaining the role of Cimarron Field and Mustang Field Museum. Bill and Sue's dog, Ben, in a picture below, also enjoyed the trip. On the way back home, some of us stopped for lunch at the Green Chile Restaurant, which has good food, and they always seem to find a way to accommodate our large group.

CHRISTMAS PARTY

There was a lot of discussion about the Christmas Party during the summer, about where to have it and what kind of food to serve, and how much decorating should be done. After the Search Committee looked everywhere to find the perfect setting and background for the Christmas Party, it was decided, during one of the impromptu board meetings, to have it at the Will Rogers Garden Center, our usual meeting place. This may seem anti-climatical to some of you, but it was very impressive that we had so many choices, and that so many people were looking diligently for the perfect setting. The decorating committee did an excellent job of decorating. There were flowers and Christmas decorations on each table, all of which were raffled out by the end of the evening. The food was delicious. The dinner was catered by Swadley's and served by the very enthusiastic and cheerful Dushawn, pictured below. Many of us enjoyed chatting and joking with him. Also shown below is our very happy Treasurer, with the gift bag he had just stolen from Don. What was in the fabulous gift bag that made such a joyful smile on his face? If you guessed cookies, you would be correct.

**SOONER MODEL A CLUB
P.O. BOX 83192
OKLAHOMA CITY, OK 73148**

The **SOONER MODEL A CLUB** is a non-profit organization affiliated with the Model A Ford Club of America. All correspondence for the club should be sent to the address above.

General Meetings are held on the second Sunday of the months of January thru November, except May. Meetings commence at 2:30 p.m. and are held at Will Rogers Garden Center at 3400 N.W. 36th Street in Oklahoma City. All members are welcome to attend the club's Board Meetings, which are held on the first Tuesday of each month at a location designated by the President and advertised in the Scuttlebutt. Membership dues are \$20.00 per year.

Dues can also be paid on PayPal, at [soonermodeleda.org/paypal.htm](https://www.soonermodela.org/paypal.htm).

The primary requirement for membership shall be an interest in the objectives of the organization and a desire to participate in its activities. Actual possession of a Model A Ford is not a necessity. A member must be of good character as to be of benefit to the club, its functions and activities. An active member must be a member of the Model A Ford Club of America (MAFCA). MAFCA dues are \$50.00 per year.
