Volume 56, Issue 06  
2023

**Meeting June**  
  
**June 27, 2023**  
**7:00 pm**  
  
**Will Rogers**  
**Garden Center**  
**3400 NW 36th St**  
**Oklahoma City OK**

Summer is here. We started off by enjoying a very nice picnic at Ripper Park. Of course, there was plenty of food. Thank you, Phil and Kaye, for setting it up, and thanks to Chuck for working the grill. The tour to Coffeyville, hosted by Tulsa Club, was outstanding. The town sure liked to display the dead bank robbers for all to see before they were buried. As usual, there was someone, like Mitchell, who had car problems, like running out of gas miles from anywhere. But thanks to everyone, we all got home safely.

At our May meeting we had a presentation by Anna Covey from VIPcare on preventive care for seniors. Anna provided the refreshments and answered many questions people had. In June, we are planning to go to Robbers Cave State Park for an antique Tractor and Car show on Saturday, the 24th of June. Also, there is the Midwest Regional Meet on June 11 to 16 at Breckenridge, CO. In July, there will be two July 4th parades again this year. We will be able to participate in both parades this year because the Bethany Parade will be on Saturday, the 1st of July, and the Edmond Parade will be on Tuesday the 4th of July.

Since the 4th of July is a holiday, we have moved the Board meeting to the 2nd Tuesday of July, the 11<sup>th</sup>. We have planned an exciting tour of Oklahoma City and Guthrie for the 2023 Fall Tour. With the Fall Tour so close to home, everyone in the Sooner Club should be able to attend. It is always enjoyable and interesting to visit with everyone at the meeting hotel. Our annual Club Christmas party will be at 2pm on Sunday, the 10th of December at the Will Rogers Garden Center. Mark your calendar for a good time for all to start your holiday celebrations. As always, a great club has active participation of all its members. We want to include everyone and hope to see many of you at the various activities.

## **Minutes of the Club Meeting May 25, 2023**

May 25, 2023: Club Meeting; Will Rogers Garden Center, 3400 NW 36th St, OKC

- The presentation was by Anna Covey of VIPcare. Anna presented a different type of healthcare, where we can spend more time with our doctors so that the doctors can do a better job to keep us healthy, with a focus on preventative care. Anna also discussed the possibility that hearing loss may be a contributing factor in not receiving the health care that we need. She advised that there is a hearing loss meeting at the Will Rogers Garden Center on the third Thursday of the month. Refreshments were provided by Anna and her team.
- The minutes of the April meeting were in the May Scuttlebutt. Minutes were approved by the members present.
- Treasurer's report: Beginning Balance is \$624.86. Ending Balance is \$717.86. The Treasurer's report was approved by the members present.
- Volunteers for Refreshments for the June meeting include Cliff Wicks, Helene Astafan, and Carla Newton. Terry & Judy Joy will bring the drinks.
- Chuck reviewed the upcoming events. The Antique Tractor Show at Robbers Cave is on June 24th. Those of us who are traveling there as a group will depart from Pops in Arcadia by 9am on Friday, June 23rd. We will be staying at the Lodge at Robbers Cave or at the Hampton Inn or other lodging in McAlester. We will return home on Sunday, June 25th, the day after the Tractor Show. Chuck discussed that the Club is invited to participate in two parades for the Independence Day, July 1st in Bethany, and July 4th in Edmond. Chuck also gave a progress report for the Fall Tour. The dates for the tour will be October 8 to 11, and the tour is in the Oklahoma City area. Chuck advised that the information and forms for the Regional Meet in Breckenridge in June and the National Tour in Indiana/Michigan in July can be found on the MAFCA website.
- There was further discussion about the train ride at the Railway Museum. It is on the first and third Saturday during the months of June, July, and August. Options include an open train car or the air-conditioned enclosed train car.
- Jim Yates announced that he is ready to go public with the new website, which can be found at [soonermodela.org](http://soonermodela.org). Jim said it might take a couple of days to get everything working properly. If there are any changes or corrections needed, please contact Jim or Chuck or Don.
- Nolen won the 50/50 pot.
- Judy Joy won the door prize.

## **Minutes of the Board Meeting June 6, 2023**

### QUOTATIONS OF HENRY FORD

“Whether you think you can, or you think you can't--you're right.”

When Henry Ford decided to produce his famous V-8 motor, he chose to build an engine with the entire eight cylinders cast in one block, and instructed his engineers to produce a design for the engine. The design was placed on paper, but the engineers agreed, to a man, that it was simply impossible to cast an eight-cylinder engine-block in one piece.

Ford replied, "Produce it anyway."

Henry Ford's last great automotive innovation was his introduction of a low-priced V-8 engine for **1932**. Starting under \$500, it was an exceptional value. Ford Motor Company's V-8 outsold its four-cylinder engine by a wide margin, and the four-cylinder unit was retired for 1935. The 1932 V-8 engine design remained in production until 1953, and is still in use also for the rebuilding of tractor engines.

## Jim's Tech Tips

### *"Check Your Rear Axle Nuts"*

Every time I have a rear wheel off of a Model A, I use the opportunity to check the tightness of the rear axle nut for that wheel. They are supposed to be quite tight, and yet I find many with at least one axle nut that is loose. This is not good. If the hub is able to move on the axle, it will cause excess wear to the end of the axle and can damage it to the point where the axle will need to be replaced.

To check it, first remove the cotter key. With the transmission in 1<sup>st</sup> or Reverse gear, and the opposite rear tire on the ground, you can apply a wrench to the axle nut and confirm it is tight.

Ford did not publish torque values for nuts and bolts; he counted on the experience and "feel" of expert mechanics to know how tight to make things. Les Andrews has a value of 125 ft-lbs. in his book for this nut, and I feel that is a good target to shoot for. Watch the position of the cotter pin hole relative to the slots in the axle nut. If the pin will not line up on the nut, keep tightening the nut until the cotter pin goes in. Bend the ears over. I use a new cotter pin every time.

This simple maintenance step will help you avoid bigger problems down the road.

Until next time, *Have a Model A Day!*

Jim

# PAJAMAS

*By Lois Przywitowski*

*“Because they have grace and chic --- because they are equally practical and comfortable -- pajamas are the outstanding and best-beloved of all fashions. The little girl, the dignified hostess and her youthful guests . . . all attire themselves smartly for almost every occasion in these smart new designs.” Pictorial Review, June 1931*

Pajamas have a long history in clothing. According to Wikipedia the original pajama was worn by both sexes in South and West Asia. It was known as *pajama*, a “loose, lightweight trouser fitted with drawstring waistband.” The word *pyjama* or pajama derives from the Persian word *payjameh*.

The British adopted the pajama during the period of their expansion, adding a top and jacket. By the Model A era, the pajama was worn for beach wear, sporting activities, entertaining at home, and dancing, as well as sleeping and lounging.

The following images show the many styles and uses of the pajama.

These smart two-piece pajamas could be purchased with or without the Coolie Coat. Both the pajamas and the coat were made from knitted Rayon Jersey, hand-painted and guaranteed washable.

The pajama top is a contrasting color slipover with matching trouser trim at the neckline, arm holes and lower edge.

The trouser legs have contrasting trim to match the top.

The Coolie Coat features contrasting color trim around the sleeves and the entire coat.

As a set, it makes a lovely negligee or lounging ensemble.

*National Bellas Hess, F/W 1928-29*

# PAJAMAS

This smart Paris ensemble, shown in both a front and back view, features front fitted yoke trousers, beach jacket and hat. The blouse is described as a bathing suit. The front and back views display the use of contrasting materials.

*McCall's*, May 1930, Pattern Number 6044

This, too, is McCall's Pattern Number 6044, with a much clearer view of the bathing suit top. According to *McCall's*, "the trousers may be cut very short."

# PAJAMAS

This formal pajama, just right for entertaining, features a contrasting bell-sleeved jacket.

*Pictorial Review*, June 1931, Pattern Number 5668

Straight from Paris, this graceful, floral, print pajama is perfect for formal evening wear and dancing. Designed for sizes 14 to 42, size 16 requires 5 3/8 yards of 39-inch print.

*Pictorial Review*, June 1931, Pattern Number 5668

This formal pajama ensemble is just right for entertaining. The pajama is set off by a sheer bell-sleeved wrap. The graceful hemline of the wrap begins above the knee and tapers beyond floor-length. Designed for sizes 14 to 42, size 16 requires 4 7/8 yards of 39-inch material and 5 3/8 yards of sheer fabric for the wrap.

OKLAHOMA CITY, OK 73148**

The **SOONER MODEL A CLUB** is a non-profit organization affiliated with the Model A Ford Club of America. All correspondence for the club should be sent to the above address. General Meetings are held on the fourth Tuesday of the months of January thru November. Meetings commence at 7:00 pm, and are held at Will Rogers Garden Center at 3400 N.W. 36th Street in Oklahoma City. All members are welcome to attend the club's Board Meetings, which are held on the first Tuesday of each month at a location designated by the President and advertised in the Scuttlebutt. Membership dues are \$20.00 per year.

The primary requirement for membership shall be an interest in the objectives of the organization and a desire to participate in its activities. Actual possession of a Model A Ford is not a necessity. A member must be of good character as to be of benefit to the club, its functions and activities. An active member must be a member of the Model A Ford Club of America (MAFCA). MAFCA dues are \$50.00 per year, and can be paid here: [Model A Ford Club of America \(mafca.com\)](#)
