Meeting

2:00 pm

Will Rogers
Garden Center
3400 NW 36th St
Oklahoma City OK

Dear Sooner Model A Club members,

In my second month as president, I am still trying to express my appreciation for all of you, which includes everyone who makes suggestions for activities and makes the arrangements, and everyone who attends the activities, and everyone who reads the Scuttlebutt. If you are participating in the activities or looking at the pictures, you are involved in the club. It is always enjoyable for us to get together to celebrate our common interest in the Model A Ford.

Last month, we had a great tour at the Oklahoma Hall of Fame Gaylord Pickens Museum, and then we had lunch at The Mule in Midtown. It was very interesting to hear that Mr. Pickens and Mr. Gaylord were in some kind of contest of their own to have the biggest portrait and to donate the most money. The Mule was very busy and lots of people had the chance to enjoy looking at Model A's.

On Saturday, February 15th, we have a tour scheduled at the Great Plains Cotton Gin in Minco, and lunch somewhere afterwards.

The Club Meeting is the day after, on Sunday, February 16th, and we have decided to have a Valentine Day theme and we will play Card Bingo after refreshments.

We are accepting ideas and suggestions for interesting tours and destinations, so let us know if you have any suggestions or would like to put on a demonstration of your choosing.

SUNSHINE COMMITTEE

Kaye Sage will be in the hospital and having surgery this month. Joe Astafan has been ill.
Sheryl Hoyle's sister has passed away.

Please pray for Kaye and Joe and Sheryl's family.

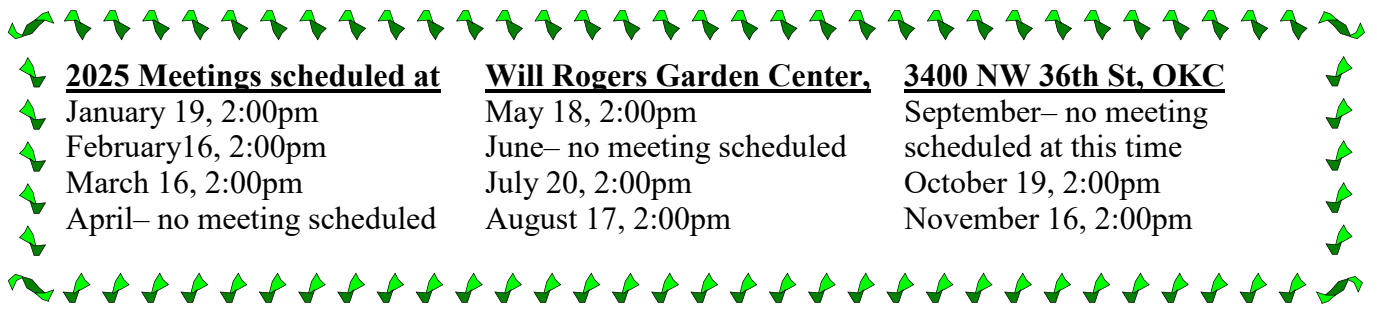

Please also pray for all who were affected by the recent storms, and for the volunteers who are helping with the recovery from the tornados, flooding and other storms.

Please also pray for those of us who are battling cancer and other serious diseases, and for anyone else we know of who is in need of healing.

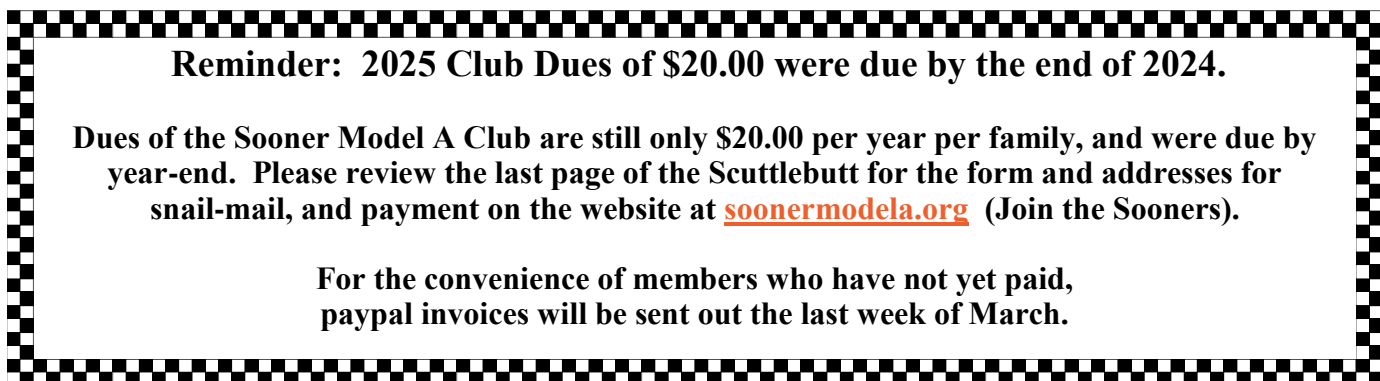

Due to Kaye's illness, Helene Astafan has volunteered as Sunshine Reporter.
Please let Helene know if you are aware of a member who is ill.
We would like to send a card and let them know we are thinking of them.

Helene can be reached at yoanniern@aol.com.

STITCHES IN TIME

Ford Fashion

By Your Editor

Do you remember the brown reproduction Ford shop coats sold years ago? They had a red *Ford* on the back. I couldn't imagine wearing one in my garage and spoiling it with grime, so I never bought one. Recently, I saw two photos of men in a Model A-era Ford dealership showroom. The men were photographed on December 13, 1927, looking at a new 1928 Model A Sport Coupe. Two men were wearing a white shop coat. Seeing the shop coats, I wondered if a dress code existed in Ford "A" era assembly plants, offices, etc. I searched yet never found any references to a dress code, but I did notice the fashion styles of Ford assembly workers in addition to the Ford dealership attire. Here are some photos.

Ford began hiring women in 1918 yet I could find no photos of women in Ford plants or office settings. This is a photo of a woman at the Oldsmobile engine assembly line in 1928. Coveralls!

Long Beach, CA assembly plant 1930, men wearing three styles of coveralls; AA line? Almost all assembly line workers wore caps!

TECHNICAL TIPS

"Ignition Misfires"

By Jim Cannon, former MAFCA Technical Director

We've all experienced it. When the engine is cold and first started up, the engine is running rough and you can tell not all 4 cylinders are firing. It usually clears up in under a minute. But later, when the engine is warm, you should not feel a miss when climbing a hill or accelerating into traffic. If the power is just not there, like you know it should be, where to look? It could be a carburetor problem but don't overlook fouled spark plugs and problems in the distributor. Check the point gap in the distributor. The cam follower wears as you drive and the point gap closes down, giving a weak spark. So, check it and increase the gap back to 0.020" if needed. While you are there, look for burned points and clean them up or replace them; you might have a bad or weak condenser. Look at the rotor. Ensure the black flat spring is touching the underside of the cap and not burned up. Wipe off any oil film on the rotor. Look at the underside of the distributor cap. Inspect the graphite button on the underside. I have seen caps with the entire button broken off and missing.

Look at the inside of the distributor body (the black plastic piece). Look for an oil and dirt film on the inside. Wipe it out with a clean cloth. Look for "carbon tracks" on the inside of the cap, where the spark is jumping down to ground on the metal housing. (See photo.) Replace if needed.

Until next time, Have a Model A Day!

QUOTATIONS OF HENRY FORD

LOOK CLOSELY—every bit of metal you can see here is Allegheny Metal. It cleans so easily as glass.

Will next year's cars be like this?

GREATER PROTECTION is secured from Allegheny Metal, for it's far stronger than mild steel. It's permanently bright.

We just bought this special job with the body entirely of Allegheny Metal.

OUR car will never need paint or polish. It will never grow dull because the body, from bumper to bumper, is Allegheny Metal. You've seen hundreds of Fords with bright parts of Allegheny Metal—head lamps, radiator shell and trim. You've seen these parts stand years of abuse with never a sign of rust. Can you picture, then, a car entirely of Allegheny Metal? Allegheny Metal is so immune to corrosion that dairies use it to safeguard your milk . . . that restaurants prepare your food on it . . . that hospitals find it safest for clinical equipment.

Allegheny Metal is far stronger than mild steel. It has no thin plated surface to wear or peel. Nothing to chip. It's the same ever-brilliant metal all the way through. These remarkable qualities of Allegheny Metal were developed in our laboratories. Research started with a formula still used by many companies. Now we've developed it to the highest point yet reached. Perhaps you need the permanence of Allegheny Metal in your products or your processes. Write for Bulletin A—it gives a complete description of this metal.

QUICK FACTS

1. Resists many corrosive agents that are other alloys.
2. Can be drawn, stamped, machined, spot, cut, forged.
3. Far stronger than mild steel.
4. Will take any finish from dull to mirror.
5. Is non-magnetic.
6. Resists denting and abrasion.
7. Is readily annealed; may be welded and soldered.
8. Is produced in practically all commercial forms.
9. Immune to chemical reactions resulting from cooking and preparation of food . . . does not affect flavor, color or purity of any food.

Minutes of the Club Meeting January 19, 2024

January 19, 2025; Club Meeting; Will Rogers Garden Center

- The Club Meeting was called to order by President Phil at 2:03pm. Phil thanked Don Mitchell for serving as president for the last three years, and for doing a great job. Everyone there agreed with Phil, although Don was not present. Everyone at the meeting introduced themselves with brief descriptions of their Model A's. There were 28 people at the meeting, including the newest member, Lois Phillips, who moved here recently from Atlanta.
- Minutes published in the Scuttlebutt were accepted as published.
- Treasurer's report was given and accepted as presented. Motion to accept by Ken and seconded by Jim.
- Editor reported that the January Scuttlebutt is published and available online at soonermodela.org.
- Webmaster reported that all is well for the website.
- Certificates and patches were passed out to the recipients of the 1,000 mile club.
- Sunshine Report: Vonnie was under the weather. Sunshine Report notifications are now going to Helene Astafan.
- There was discussion about the January 25th driving day tour to the Gaylord Pickens Museum (Oklahoma Hall of Fame). Admission is \$3.00 per person. There is parking behind the museum. Lunch at The Mule, located at NW 16th and Indiana, is scheduled after the tour. Parking for The Mule is available on the street and in the parking lot of the Lyric Theater.
- Other tour information and events are published in the newsletter. Suggestions for tours are always welcome. Notify Phil or Vonnie with any suggestions you have.
- Send information about demonstrations to David Swain. David is accepting suggestions and volunteers.
- There was discussion about going to Ted Davis for a day trip, and there is also a car collection in Weatherford that may be scheduled for later in the year.
- The 50/50 pot was won by Kerry Steffens.

After refreshments, Phil gave a demonstration about the various body styles of the Model A Ford.

Don has agreed to let the National Heritage Cowboy Museum use his car for display on February 22nd for the Green Tie Gala, to benefit Catholic Charities for the homeless.
- Webmaster Report: Jim reported we have a bill due and he will bring an invoice to be paid.
- Sunshine Report: Kaye is having surgery this month. Joe has been ill but is recovered.
- Due to the staffing decisions about not having our meeting room available on our meeting dates and the increased rates at the Will Rogers Garden Center, we may have to change the venue for meetings. Our April, June, and September dates were not available this year. Terry is going to check with his neighborhood clubhouse to find out if we can have the June meeting there. More information to follow.
- There is no demonstration scheduled for the February meeting, so it was decided that we would have a Valentine's Day theme and play Card Bingo. Send information about demonstrations to David Swain. David is accepting suggestions and volunteers for demonstrations.
- Phil began a review of the member list to determine if we should make phone calls to members that haven't been heard from to determine how everyone is doing. Joe volunteered to make some calls.
- Meeting adjourned at 7:12pm

OKLAHOMA CITY, OK 73148

The **SOONER MODEL A CLUB** is a non-profit organization affiliated with the Model A Ford Club of America. All correspondence for the club should be sent to the above address. General Meetings are held on the 3rd Sunday of the months of January thru November, unless the Garden Center has something else scheduled on our meeting day. Page two of the Scuttlebutt will list the scheduled meetings for the current month.

Meetings commence at 2:00 pm, and are held at Will Rogers Garden Center at 3400 N.W. 36th Street in Oklahoma City. All members are welcome to attend the club's Board Meetings, which are held on the first Tuesday of each month at a location designated by the President and shown in the Scuttlebutt on page two, the activities page.

Membership dues are \$20.00 per year. The actual possession of a Model A Ford is not required. The primary requirement for membership shall be an interest in Model A's and the Sooner Model A Club, and a desire to participate in club activities. Visitors are always welcome to attend any of the club activities.

The Sooner Model A Club recommends membership in the Model A Ford Club of America (MAFCA). MAFCA dues are \$50.00 per year, and can be paid here: [Model A Ford Club of America \(mafca.com\)](http://mafca.com)
